

20 June 1961

Dear Hazel:

This is to report briefly on the status of the Stanley seed matter.

We have signed Amendment No. 5 to SP-1914 but I am holding it pending completion of the related settlement. Our claim for the related settlement was submitted May 18 and I am informed that the Government audit is almost complete. The outlook is that settlement will be agreed to here within about two weeks following which the ACO has to send the proposed document to Dayton for signature.

Sincerely,

JUN 23 3 50 PM '61
